

## IES+ Safe

### Data loss need not be a disaster!

You don't have to be in a disaster zone to risk losing critical data. What happens if one or more of your users are affected by a virus or a malicious attack or suffer loss or theft of hardware? Get peace of mind and securely back up files and data across your network or the cloud with IES+ Safe, the most cost-effective solution of choice for small and medium sized businesses (SMBs). Through its central web-based administration console, administrators can configure and implement company-wide backup policies in a single task.

#### At a Glance

- Fast, efficient, full-featured backup, restore and synchronization solution
- Back up to all popular storage devices and/or "the cloud"
- Centralized web-based administration interface
- Effortless, fast restore through its use of non-proprietary standard Zip archives
- Single backup task functionality which applies to all your web, SQL, file servers, etc.
- Ease of configuration and maintenance with effortless restore

Components	50GB	150GB	250GB
Windows Server SBS (2003 or 2008)	\$150 / mo.	\$200 / mo.	\$250 / mo.
Backup SQL Database	Included	Included	Included
Backup Exchange Information Store	Included	Included	Included
Acronis Backup Software	-	Included	Included

**IES GROUP**

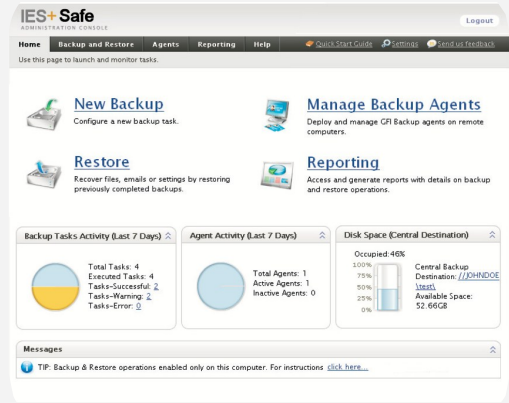

## IES+ Safe

### How do we compare?

Thank you for taking the time to understand why we are different from our competitors. We take pride in offering the best service level, functionality and price.

IES Group is a true full service partner, offering technology support, custom software development, infrastructure design and installation.

The chart below will allow you to truly understand the IES+ Safe difference:

#### Our Customers

- "I would like to say that I greatly appreciated the environment that exists at your company. The technical support staff are very helpful, but better yet, personable. You have done a great job of developing a wonderful team of employees, as well as a great service."  
*Les Adams, Tri-County Brick Stratford, ON*
- "Having been through several challenging projects in a gamut of situations with your company, I am impressed by your continuing excellence under pressure. Our joint development with your software team, has yielded a lasting, flexible platform for our ever-changing needs."  
*Dragan Brocilo, Daimler Portland, OR*
